DESCRIPTION

This lightweight yet sturdy 3-way combination ladder is designed for maximum versatility, safety, and ease of use across a wide range of tasks. Built from high-grade Aluminium, it seamlessly transforms into a step ladder (adjustable height) and extension ladder, offering flexibility for indoor and outdoor applications.

FEATURES

- ✓ **Certified to EN 131 Professional**
- ✓ Tread width: 430mm (bottom), 360mm (middle) & 290mm (top)
- ✓ Red Maximum Safety Step to ensure user not to stand any higher
- ✓ Anti-Skid Feet & Rear Stabiliser for extra support
- ✓ Extension Lock to safely secure the rungs
- ✓ Extension Limiting Pin which stops the unit from extending beyond it's capability

CAC3X8
As Stepladder
